# Highlights of the Medicine Collection

## The Journal of Infectious Diseases

Impact Factor  
of 6.288\*

Publishing since 1904, 24 issues per year

Published continuously since 1904, *The Journal of Infectious Diseases (JID)* is the premier global journal for original research on infectious diseases. The editors welcome Major Articles and Brief Reports describing research results on microbiology, immunology, epidemiology, and related disciplines; on the pathogenesis, diagnosis, and treatment of infectious diseases; on the microbes that cause them; and on disorders of host immune responses.

*JID* is an official publication of the Infectious Diseases Society of America.

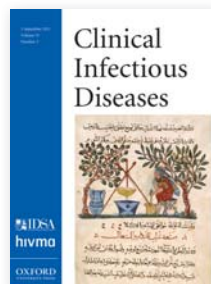

## Clinical Infectious Diseases

Impact Factor  
of 8.186\*

Publishing since 1979, 24 issues per year

*Clinical Infectious Diseases (CID)* is a leading journal in the field of infectious diseases with a broad international readership. The journal publishes articles on a variety of subjects of interest to practitioners and researchers. Topics range from clinical descriptions of infections, public health, microbiology, and immunology to the prevention of infection, the evaluation of current and novel treatments, and the promotion of optimal practices for diagnosis and treatment. The journal publishes original research, editorial commentaries, review articles, and practice guidelines and is among the most highly cited journals in the field of infectious diseases.

*CID* is an official publication of the Infectious Diseases Society of America.

## Schizophrenia Bulletin

Impact Factor  
of 8.273\*

Publishing since 1969, 6 issues per year

This journal reviews recent developments and empirically based hypotheses regarding the etiology and treatment of schizophrenia. It publishes new knowledge, ranging from the molecular basis of schizophrenia to social and cultural factors. Emphasis is given to translational reports that simultaneously highlight basic neurobiological mechanisms and clinical manifestations.

Published in association with the Maryland Psychiatric Research Center (MPRC). An Official Journal of the Schizophrenia International Research Society.

## JNCI - Journal of the National Cancer Institute

Impact Factor  
of 14.697\*

Publishing since 1988, 24 issues per year

## Brain

Impact Factor  
of 9.230\*

Publishing since 1878, 12 issues per year

*Brain* provides researchers and clinicians with the finest original contributions in neurology. Leading studies in neurological science are balanced with practical clinical articles. Its citation rating is one of the highest for neurology journals, and it consistently publishes papers that become classics in the field. The Editorial Board reflects both the journal's truly international readership and wide coverage.

Published on behalf of the Guarantors of Brain.

## Human Reproduction

Impact Factor  
of 4.357\*

Publishing since 1986, 12 issues per year

*Human Reproduction* features full-length, peer-reviewed papers reporting original research and clinical case histories, as well as opinions and debates on topical issues. Papers published cover the scientific and medical aspects of reproductive physiology and pathology, endocrinology, andrology, gonad function, gametogenesis, fertilization, embryo development, implantation, pregnancy, genetics, genetic diagnosis, oncology, infectious disease, surgery, contraception, infertility treatment, psychology, ethics, and social issues.

Published on behalf of the European Society of Human Reproduction and Embryology.

## European Heart Journal

Impact Factor  
of 10.046\*

Publishing since 1980, 24 issues per year

The *European Heart Journal* publishes the highest quality material, both clinical and scientific, on all aspects of cardiovascular medicine. It includes articles related to research findings, technical evaluations, and reviews. In addition, it provides a forum for the exchange of information on all aspects of cardiovascular medicine, including education issues.

Published on behalf of the European Society of Cardiology.

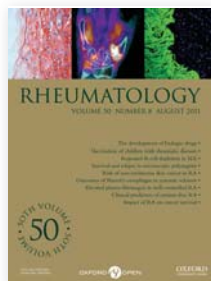

## Rheumatology

Impact Factor  
of 4.171\*

Publishing since 1952, 12 issues per year

This international peer-reviewed journal publishes the highest quality scientific and clinical papers. Its scope includes the full spectrum of rheumatological conditions, musculoskeletal medicine, and surgery. *Rheumatology* aims to provide very rapid publication of all papers both online and in hard copy.
